INFRASTRUCTURE SHARING FORMULA Can Housing Inf Fund

Moved by: Benji Szautner Seconded by: Shane Haeusler

THAT the Village of Muenster present to our local MLA and MP:

WHEREAS all municipalities across Canada receive the same percentage of funding for large capital infrastructure projects under the Canadian Housing Infrastructure Fund being: 73.3% from the Federal and Provincial Governments and 26.7% from the municipality;

WHEREAS small municipalities with a population of under 2500 people that reside within an hour of a large urban center struggle being limited business tax base because their residents enjoy the freedom of shopping in the city; thereby the revenue from the residents of small communities flows into the city to support its business tax base and in doing so, drains the small municipality of its business tax revenue;

WHEREAS in essence these small communities act as suburbs of the city and struggle with a limited tax base to support large capital infrastructure projects;

THEREFORE BE IT RESOLVED THAT: The infrastructure funding formula for small municipalities under 2500 in population and within an hour distance of a large urban center be changed to 45% Federal Funding, 45% Provincial Funding, and 10% Municipal Funding and THAT this resolution be distributed to small municipalities within Saskatchewan that share the aforementioned attributes.
